me: just sent the column
BushwickBK.com: thanks
me: would have had it earlier but I actually wrote it while being screamed at by this girl I broke up with yesterday
me: and who is nonetheless over here for some reason
BushwickBK.com: and of whose existence I wasn't remotely aware
me: well, she appeared on Halloween
me: extracted me from my apartment
me: and made me get off heroin
me: and date her
BushwickBK.com: thought you were doing that anyhow
me: she is actually taking a picture of me right now
me: I was
me: then I got back on
me: and then off again
BushwickBK.com: hard thing I guess
me: she is now deriding me for having spent some time writing
me: apparently I am trying to be the center of attention and impress everyone
me: because I was in my room with the door locked writing a column
BushwickBK.com: so what
BushwickBK.com: that's fun
me: good question
me: the point is that suddenly there are people in my place and I am still writing and this is a great offense against girlfriends everywhere
me: anywho
me: fucking nut
me: peace out
BushwickBK.com: later
